Imagine if your primary residence and vacation home were one in the same! Outstanding example of Asheville mountain vernacular bringing outdoors in through ample amounts of glazing & natural materials, while extending living spaces outdoors with decks, porches & terraces. Native landscaping, rocks, charming waterfalls, a natural creek and sprawling woods to explore make it feel like summer camp year-round.

Estate-sized, but residential in scale with a supremely livable design that can live large or small as needed. Lower level can be 2nd living quarters. Multiple HVAC zones and elevator potential. Unfinished space over det. garage already plumbed & wired. Prime location on rare cul-de-sac in original part of Biltmore Forest w/historic homes and nearby park. Walk to CDS, Blue Ridge Pkwy and Mtn.to Sea Trail. Very close to Biltmore Forest Country Club. If privacy and convenience are paramount, this mountain home will not disappoint!

(Biltmore Forest Country Club is a membership by invitation club. I would be happy to arrange a tour with a little advance notice.)
